

WESTWOOD NEIGHBORHOOD COUNCIL

May 11, 2016

Agenda Item #10

MOTION TO OPPOSE REPEALING THE SECOND DWELLING UNIT ORDINANCE

“The Westwood Neighborhood Council opposes the proposed ordinance repealing Subsections 12.24.W.43 and 12.24.W.44 of Chapter 1 of the Los Angeles Municipal Code (LAMC) for the purpose of complying with state law AB 1866 on second dwelling units and "grandfathers" second dwelling units permitted since June 23, 2003.

Instead, we urge the Department of City Planning and the City of Los Angeles to leave in place these standards and their protections for surrounding neighborhoods, while it studies new, improved second unit standards that will provide needed additional neighborhood protections in a fashion that allows orderly and significant citywide input on this issue.”
