There was no public comment.

**5. NEW BUSINESS:**

**DISCUSSION/ACTION:**

**1121 Glendon Ave. – Violet Restaurant**

**Case Number: DIR-2018-4219-DRB-COA-SPP**

**Project Address: 1121 S. Glendon Avenue, Los Angeles, CA 90024**

**Contact: Tony Russo, 408-655-0998**

**Project Description: Historic restoration, redevelopment of a new full service sit down restaurant with interior seating for approximately 30 patrons and interior patio seating for approx. 36 patrons. This project will also include a cooking school and retail shop.**

Steven Somers and Dana Slatkin presented the project. Architects Toni Lewis and Marc Schoeplein discussed restoring the building to its historical appropriateness while upgrading it as well. This is a significant building in the Westwood Village Specific Plan and the block of Glendon it is on is the most intact in the Village. Parking is a top priority. They are not required to add any parking because it is a historic building and there is no change of use but are in contact with the valet service that Skylight Gardens uses and with the Hammer Museum. The packet has been submitted to the DRB. Steve Sann spoke in support of the project.

Marcello Robinson moved, “The LUPC recommends that the WWNC Board of Directors support the project as presented.” Ann Hayman seconded and the motion carried unanimously.

**6. Adjournment 5:15 pm**

The meeting was adjourned by unanimous agreement at 5:00 p.m.
