

# WESTSIDE MOBILITY PLAN COMMUNITY WORKSHOPS

OCTOBER 4, 9 AND 16  
6PM - 8PM

## **Get the latest information about the plan's progress and provide input on the four mobility improvement packages**

The Westside Mobility Plan project team invites you to a community workshop to hear the latest updates on the project and to review and provide input on four mobility improvement packages developed in part from community ideas and recommendations received over the last two years.

Please join us to receive a status report on the study. Based on the feedback received at previous meetings and further technical analysis, the project team will update the community on the transportation improvements under consideration and next steps. Four Mobility Improvement Packages have been developed and evaluated as part of the Westside Mobility and Rail Connectivity Study based on feedback from the community. The improvement packages offer a range of options to fulfill the study's overall goals and objectives:

- Improve the connectivity of the transit network
- Increase the efficiency of the transportation system
- Improve the transportation system to better serve all modes
- Enhance the livability of the Westside Boulevards
- Balance the provision and management of parking

Please plan on attending one of the community workshops that is the most convenient for you; the material presented at all meetings will be identical.

As an added convenience, we will be offering the **Tuesday, October 9th** meeting via the internet. Online viewers can access the meeting in real time thru the LA36 website at <http://la36.org/livestream.html> and can submit questions during the meeting. Questions will be answered by the Project Team during the Question and Answer session.

## WORKSHOP DATES

**Thursday, October 4, 2012, 6 - 8 p.m.**

*Westside Pavilion Community Meeting Room B\*  
10800 W. Pico Blvd., Los Angeles, CA 90064*

**Tuesday, October 9, 2012, 6 - 8 p.m.**

*Felicia Mahood Senior Citizen Center & on-line at  
<http://la36.org/livestream.html>  
11338 Santa Monica Blvd., Los Angeles, CA 90025*

**Tuesday, October 16, 2012, 6 - 8 p.m.**

*Westchester Municipal Building  
7166 W. Manchester Ave., Los Angeles, CA 90045*

**\*Westside Pavilion Community Meeting:**

*Use the parking entrance for the Landmark theaters either from Pico Blvd or Westwood Blvd. Enter the parking garage and park near the elevator. Take the elevator to Landmark theater Lobby on Level 1. Exit the elevator, turn left and walk across the Lobby to another elevator directly opposite. Take this elevator up to M3. From that elevator go left and then right following the signage to Community Room B through a marked door to the left of the Landmark Theater entrance, down a corridor and then right along the back of the building to Community Room B.*

### **Please plan to join us!**
