There was some disagreement about whether the project conforms to the height requirements.

     WWNC does not support Applicant’s project due to its incompatible design; style; color; materials; height that is noncompliant with the North Westwood Village Specific Plan; setbacks; etc. with the surrounding buildings and its location on UCLA fraternity row.
     We urge the owner to consider rehabilitating and upgrading the existing building or design a building that is consistent with authentic Mediterranean style that also includes an affordable housing component.
